

Months of Preparation Goes Into Planning Cooking School Coming to Torrance October 1, 2, 3

"Cooking Schools"—two words that spell magic and sleight-of-hand tricks. But the difference between a cooking school and the usual magician's show is that your cooking school lecturer explains all her tricks so you in turn can perform them just as easily as she.

And so the Torrance Herald-Lomita News is bringing you the new version of the Happy Kitchen Cooking School all dressed up in its brightest fall finery. It's to be a 3-day event, Wednesday, Thursday and Friday, October 1, 2 and 3.

Wouldn't you like to step behind the scenes for a few moments and see what must be done to get a successful school under way? First of all—months ago the Herald-News home economist spent a great deal of time checking upon the latest equipment to be used on the stage. She visited factories to see just how the new food items are prepared and she checked and tested the recipes she plans to make for you.

Knows All Economies

This particular part of her work is most exacting for the "Happy Kitchen" in order to live up to its name, must have for you delectable recipes that are economical both in time and cost. These recipes must make you get the most out of the what time you spend in the kitchen pleasant and productive, yet get you out of the kitchen in time to go to that party you've been counting on for weeks.

The home economist can show you how to make the most of your grocer's sales by buying a week's supply of fruits and vegetables and storing them to the best advantage in your refrigerator. She can even show you how to prepare a whole oven dinner hours ahead and store it for later baking. Desserts can be made days in advance and yet each one different and stored until needed. She knows all the tricks in economical use of fuel in cooking and she is here to pass every trick on to you.

In the meantime the Herald-News has booked the Torrance Civic Auditorium where you, as their guest can see and hear easily; they have acquainted your merchants with the plans and have secured their whole-hearted cooperation in making this one of the most interesting schools ever held in this community.

You and your friends are cordially invited to attend. Remember the dates: Wednesday, Thursday and Friday, October 1, 2, and 3. All sessions will begin at 1:30 p. m. We promise you a good time, and perhaps you will receive valuable prizes, which are a daily feature of the Happy Kitchen cooking school.

AUXILIARY PLANS HILARIOUS EVENING

The regular American Legion Auxiliary social meeting will be a special attraction next Tuesday evening. Members and guests will meet at the clubhouse dressed in kid costumes and some of the promised "stunts" are certain to provide much hilarity. The "back to school" theme will be stressed in games and menu, according to Alice Thompson and her committee.

Here's Something New Weekly

As the old adage goes, there's nothing new under the sun, but you can't say there's nothing new under "People You Should Know." Anyway, you couldn't if you are reading the stories of Torrance and Lomita people because dozens of new items appear weekly.

And this very second we are gathering new items on Albert T. Gardner, Edith Sunshine Smith, Norman Gardner, David Shanks, Alfa Owen, Ray C. Campbell, Ben Gardner, Franklin Owen, Frank L. Bulker, Bill Owen and Charles Ray.

Your "Bagle-Eye" feature writer traced and found a lady who, if held up by a traffic signal for one minute frets herself almost into a breakdown, also, the youngest grandpappy in this district at age of 35. Five dollar bill, if you can tell us these coming "scoops."
